PROFESSIONAL SUMMARY

Final-year Master of Information and Communications Technology student at the University of the Sunshine Coast, Adelaide, graduating in June 2026. Motivated ICT and full-stack development candidate with hands-on experience in web development, troubleshooting, API integration, responsive design, and technical problem-solving. Skilled in JavaScript, React.js, Node.js, MongoDB, Git, and cloud-based tools, with a strong willingness to learn and contribute to a professional ICT environment. Seeking an ICT trainee, graduate, or junior developer opportunity in Adelaide to build practical industry experience and support meaningful technology solutions.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), TypeScript, Python
Frontend	React.js, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap
Backend	Node.js, Express.js, REST APIs
Database	MongoDB, basic SQL/PostgreSQL
Security	AES-256 encryption, bcrypt, JWT (HMAC-SHA256), role-based access control
DevOps & Tools	Git, GitHub, Vercel, Netlify, Postman, Cloudflare (DNS, CDN, SSL)
Cloud	Microsoft Azure (DP-900 & AI-900 certified), basic AWS
Other	SEO optimisation, responsive design, Agile/Scrum basics, CI/CD workflows

PROFESSIONAL EXPERIENCE

iLearning Solutions | Full Stack Developer *Aug 2025 – Dec 2025*

Practicum role undertaken as part of Master's degree program, Adelaide.

- Built a full-stack eLearning platform using Next.js, React and MongoDB, improving page load time by 35% through code-splitting and lazy loading

- Designed responsive UI components, reducing reported UX issues by approximately 40% post-launch
- Integrated 5+ REST APIs and optimised SEO metadata, contributing to improved search visibility
- Collaborated in an Agile environment, participating in sprint planning and code reviews

MHB-A Digital Web Design Agency | Full Stack Developer *Oct 2023 – Sep 2024*

- Delivered 4+ client web applications using the MERN stack on time and within scope
- Built responsive, mobile-first UIs with React and Tailwind CSS, achieving consistent cross-browser compatibility
- Managed backend services, RESTful API design and database architecture for client projects

Bookoceanbd.com | Web Developer *Aug 2021 – Sep 2023*

- Developed and maintained full-stack web applications serving an active user base using the MERN stack
- Implemented responsive UI patterns with React and Tailwind CSS, improving mobile traffic engagement
- Managed backend services, database queries and deployment workflows independently

KEY PROJECTS

MediQube – Full-Stack Telehealth Platform mediqube-phi.vercel.app

- Three-portal telehealth app (Patient, Doctor, Admin) with AI-assisted doctor appointment platform, in-browser video consultations, and automated prescription delivery — built for Australian primary care
- Security-first architecture: AES-256 encrypted health data, bcrypt passwords, JWT session tokens, and role-based access control

Tools: Next.js, React, Node.js, MongoDB

iLearning Solutions – eLearning Platform i-learning-solutions.vercel.app

- Scalable full-stack eLearning platform
- Integrated REST APIs, optimised performance and implemented SEO best practices

Tools: Next.js, React, Node.js, MongoDB

Food Club – Online Food Ordering System food-club-f9921.web.app

- Full-stack food ordering platform with user dashboard, Firebase auth and JWT-secured APIs
- Mobile-responsive UI

Tools: React, Node.js, MongoDB, Firebase

Car Vault – Car Selling Platform car-vault.com

- MERN stack application with dynamic listings, role-based access control and admin panel
- Authentication system and order management

Tools: React, Node.js, MongoDB, Firebase

InfoStark – Business Website infostark.com

- Responsive business website with performance-first architecture.

Tools: React, Next.js, Tailwind CSS

EDUCATION

Master of Information and Communications Technology *Nov 2024 – Jun 2026 (expected)*

University of the Sunshine Coast, Adelaide, Australia

Bachelor of Computer Science and Engineering *Jan 2016 – Jun 2021*

Institute of Science & Technology, Dhaka, Bangladesh

CERTIFICATIONS

- Microsoft Certified: Azure Data Fundamentals (DP-900)
- Microsoft Certified: Azure AI Fundamentals (AI-900)
- Information Technology Specialist: Python Programming
- Complete Web Development Course – Jhankar Mahbub
